

# Your Committee Needs You!

Have you ever thought why the Westbury and District Society runs so smoothly? (Oh yes it does!) How, in the past twelve months we have organised Ringcraft, Matchnights, Puppy Training, a Supermatch with Chippenham, Companion Show and Open Show and you have the 2009 Christmas Match to come, together with food, games and its "Parade of Champions".

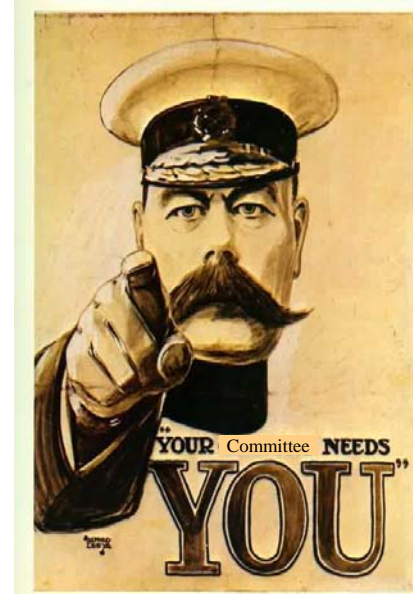

It's done by your committee, they are just a bunch of society members who get together and organise and manage these events. It's not an onerous job, we meet about every 6 weeks and we're involved in taking money, setting up and taking down after Ringcraft, stewarding or helping at Match Nights and at the Open Shows, managing the raffle and making tea!

Every year a few committee members step down and we look for replacements. You don't have to know huge amounts about showing, agility or obedience, just a willingness to help out and share the load. I promise that we won't give you anything you can't cope with and there is always help available.

Our AGM is in February and that is where we look to have new committee members appointed, all you need is a Proposer and Secunder and of course a willingness to help! If you want to find out more about it, please speak to one of the people below and they will be happy to help.

Go on, it's fun and you will get a real buzz out of it! (Honest!)
